EXPENSES.

The following are the principal necessary expenses, exclusive of vacations.

Tuition, $11.00 per Term,	$33.00	$33.00
Room Rent, $3.00 per Term,	9.00	9.00
Recitation Rooms, and Ordinary Incidentals, $2.00 per Term.	6.00	6.00
Fuel and Lights from $9.00 to $11.00,	9.00	11.00
Washing from $6.00 to $8.00,	6,00	8.00
Board, lowest price in Companies, $1.00 per week; highest price in Families, $2.00 per week; making per year of *thirty-nine* weeks,	39.00	78.00

Good Board in Families may be had at $1.50 per week.

The expense for Fuel and Lights is estimated on the supposition that two students occupy the same room.

A small charge, additional to the regular Tuition, is requisite the third Term of the Sophomore year, for the instruction in French, and the third term of the Senior year, for the Lectures on Anatomy.

In case of admission to an advanced standing, a fee of five dollars and fifty cents per Term, which is one half of the regular charge for Tuition, will be required, unless such standing shall have been obtained in another College.

The expense for books is comparatively trifling, if the student, as he may generally do, purchases at second hand, and sells them when he has completed the study of them. There are some expenses, which result from taxes voluntarily imposed by the classes or societies. These and expenses for furniture, stationery, &c., will vary according to circumstances and the character and habits of the student.

In incidental expenses, if the parent or guardian furnishes money, or authorises the contracting of debts, a student may be very extravagant. To guard against this, parents often deposit funds with some one approved by the Faculty, who for a trifling charge will give particular attention to the pecuniary affairs of the student, and render an account of expenditures.

It is earnestly recommended to all parents and guardians not to authorize the obtaining of credit, and not to pay debts unauthorized.

PAYMENTS.

The amount of the first Term Bill must be paid by each student on his admission. Each subsequent Term Bill becomes due at the close of the Term for which it is assessed. A bond with satisfactory surety for the payment of all the College Bills must be given by each student to the Treasurer, at the commencement of the term when he enters.

ASSISTANCE TO BENEFICARIES.

The Tuition of beneficiaries of Charitable Associations and other indigent pious youth preparing for the Christian Ministry, is chiefly paid from the fund appropriated to that purpose. About thirty-five indigent students are gratuitously supplied in part with furniture.

CABINET AND LIBRARIES.

The Libraries of the College and the Literary Societies contain about 15,000 volumes. The College Library is accessible at regular times to all the students, and the charge to each is according to the use he may make of the books. The Libraries belonging to the three Literary Societies are accessible to the members of the Societies, according to regulations established by themselves.

The Society of Inquiry has a small Library and a Museum.

The College Cabinet contains the following Collections.
